Adjourn 11:40am

The Month of July is over. This was a big, big month for our club. Set up our float for the parades. Two parades to attend. Work days setting up our drag race. There was a lot of work getting the food ready and the building ready. On race day, there was a lot to do as always. And then there is the clean-up after. As always the weather was hot, both on days we were setting up as well as race day. We were surprised at the number of racers we had attended. Everyone kept there cool even when the temps were close to 100.

A big thanks to all that made July a big successful month for our club. Many of you took upon your selves to figure out what had to be done and got it done.

A couple of the racers offered a suggestion to make the race run even smoother. Give each racer two tags. When you lose, you lose a tag. When you are out of tags you are out of the race.

From The Pres.: Well if you haven't checked out the web site, go and look at the winners of the 2006 ATV Drags. It was a beautiful day and the racers and members had a great time. All the racers and spectators complimented the club on the way the race and food site was run. Come to this months meeting for a full report.

After the August meeting we will be riding on a private trail in the Chatfield area. I will have the wavers with me and anyone who will be riding has to sign one (only one time needed). This is a great trail with a little something for everyone. After the ride we will return to my house for grilled hot dogs and beverages. It will be a GREAT time, be sure to come. If you can't get to the meeting but want to ride in the afternoon, email me for directions or call 507-932-5307. See you Saturday!!!
